

TELESCOPE TYRES & BATTERIES

Description:

The Pedders \$14/28 point Steering and Suspension Safety Check leaves nothing to chance.

Carried out by expert technicians the check covers all essential under-car componentry including bushes and assembly parts.

A comprehensive written report shows the current status of all-vital suspension and steering systems.

During the check, Pedders expert technicians will identify any immediate work required plus advice on when additional servicing should be carried out
